This winter has been brutal, but the library is a great escape from the cold and miserable weather. Come in and spend an hour or two, there is a lot to do here, from surfing (the web) to researching your family history on **Ancestry.com**, to reading one of the more than one hundred magazines and newspapers we subscribe to. And let me remind you to use our website [www.floydmemoriallibrary.org](http://www.floydmemoriallibrary.org), the portal to a universe of knowledge.

Please welcome Terry Sweeney from East Marion and Selina Truelove from Greenport to our Circulation Desk staff. They will be working evenings and weekends, so stop by and say hello.

### **Book of the Month: *Quarantine: The Loners, Book 1* by Lex Thomas**

It was just another ordinary day at McKinley High--until a massive explosion devastated the school. When loner David Thorpe tried to help his English teacher to safety, the teacher convulsed and died right in front of him. And that was just the beginning.

A year later, McKinley has descended into chaos. All the students are infected with a virus that makes them deadly to adults. The school is under military quarantine. The teachers are gone. Violent gangs have formed based on high school social cliques. Without a gang, you're as good as dead. And David has no gang. It's just him and his little brother, Will, against the whole school. 14 & Up.
